Fee-For-Service vs. Managed Care

Missouri's Medicaid program is called

MO HealthNet covers qualified medical expenses for individuals who meet certain eligibility requirements.

Depending on the type of coverage they qualify for, participants will get their services through the MO HealthNet Fee-For-Service (FFS) Program or the MO HealthNet Managed Care Program.

Fee-For-Service vs. Managed Care

Providers may choose to enroll with one or both of these programs:

All billing providers must be enrolled in the MO HealthNet Program to provide medical services.

Those who participate agree to accept MO HealthNet payment as reimbursement in full for any services provided to MO HealthNet participants.

Providers who offer services through the MO HealthNet Managed Care (MC) Program must enroll with Missouri Medicaid Audit & Compliance (MMAC), regardless of whether they accept FFS participants.

Fee-For-Service

Serves:

- People with disabilities
- Seniors (age 65+)
- Blind and visually impaired adults
- Women (under age 65) with breast or cervical cancer

Managed Care

Serves:

- Pregnant women and newborns
- Children (birth - age 18)
- Families
- Adults (age 19-64) without disabilities

New Electronic Visit Verification Resource for Personal Care and Home Health Care Providers

The MO HealthNet Division (MHD) has posted an updated resource regarding Electronic Visit Verification (EVV). This Missouri EVV Aggregator Solution Provider Training provides a brief overview of EVV and offers instruction regarding accessing the EVV Aggregator Solution (EAS).

This resource is specific to Missouri EVV requirements and is recommended for new EAS users as well as existing users who wish to expand their knowledge of the system.

Refer to the [MHD EVV program page](#) for additional information.

If you have questions regarding EVV or the new resource, contact Ask.EVV@dss.mo.gov.

For additional information on claims, resources, and more, register for an [Education and Training provider webinar](#).

Provider Manual Archives

Provider Manuals

Use **Control + F** and search by keyword to assist in finding the information needed in the Provider Manuals.

In this example, we searched for the procedure code T1019:

A search bar interface showing the text 'T1019' entered in the search field. To the right of the search field are navigation controls: a vertical line, the number '2/7', and three icons: an upward arrow, a downward arrow, and a close 'X' icon.

This section lists the appropriate procedure codes for the billing of personal care services. The only acceptable place of service (POS) is 12, home. The licensed Residential Care Facility (RCF)/Assisted Living Facility (ALF) is considered the participant's home for the purpose of providing MO HealthNet personal care; therefore, the POS code for services delivered in a RCF/ALF is also 12.

Claims Processing & Payment Schedule

The Claims Processing and Payment Schedule tells a provider when to submit their claims in order to get paid on the Provider Check Date.

For example:

If a provider submits a claim by 5:00 pm on 04/12/2024, they will receive payment on 04/25/2024.

Pay close attention to the last Ending Claim Capture date for the fiscal year – it may be sooner than your average cycle.

Remittance Advice & Claim Adjustment Reason Codes

Remittance Advice (RA) is a statement of paid or denied claims produced for providers twice a month.

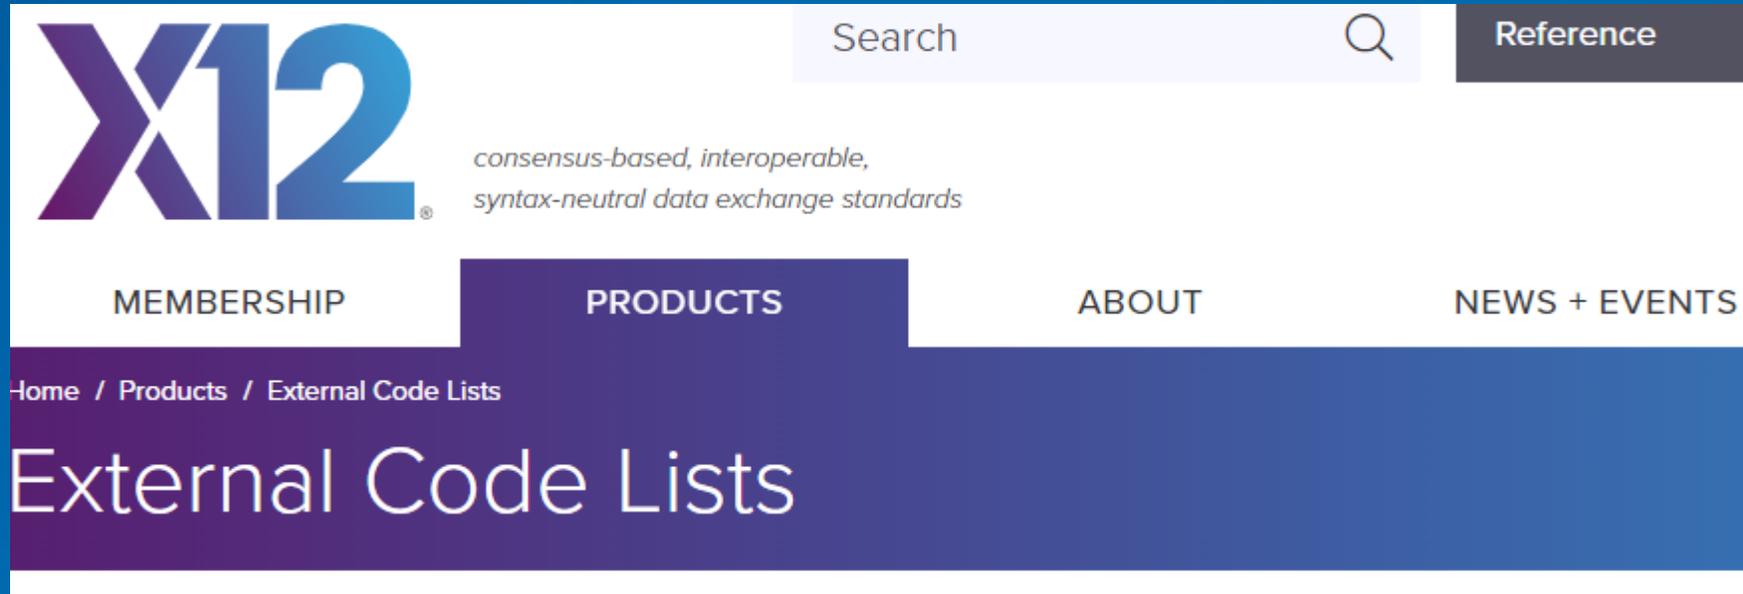

Along with listing the claim, the RA lists an **Adjustment Reason Code** to explain a payment, denial, corrected claim, voided claim, or other action.

The Adjustment Reason Code identifies the reasons for any differences, or adjustments, between the original provider charge for a claim and MHD's reimbursement.

The RA may also list a **Remittance Remark Code** that indicates either a claim-level or service-level message that cannot be expressed with a Claim Adjustment Reason Code.

The screenshot shows the X12 website interface. At the top left is the X12 logo with the tagline "consensus-based, interoperable, syntax-neutral data exchange standards". To the right is a search bar and a "Reference" button. Below the logo is a navigation menu with "MEMBERSHIP", "PRODUCTS" (highlighted), "ABOUT", and "NEWS + EVENTS". A breadcrumb trail reads "Home / Products / External Code Lists". The main heading is "External Code Lists". Below this, there is a paragraph of text: "The table below includes external code lists maintained by X12 and external code lists maintained by others and distributed by WPC on behalf of the maintainer. Click on the name of any external code list to access more information about the code list, view the codes, or submit a maintenance request. These external code lists were previously published on either www.wpc-edi.com/reference or www.x12.org/codes." Another paragraph follows: "The table includes additional information for X12-maintained external code lists. If you have questions about these lists, submit them on the [X12 Feedback form](#). To purchase code list subscriptions call (425) 562-2245 or email admin@wpc-edi.com." The bottom right corner of the screenshot shows the MoHealth Net logo.

Remittance Advice Remark Codes and Claim Adjustment Reason Codes

With the implementation of HIPAA national standards, previously used MO HealthNet edits and Explanation of Benefits (EOBs) will no longer appear on the Remittance Advice (RA).

Instead, HIPAA compliant Remittance Advice Remark (RARC) and Claim Adjustment Reason Codes (CARC) are used.

Explanations of the RARC and CARC are available on this [site](#).

Fee Schedules & Rate Lists

The [Fee Schedules & Rate Lists](#) page provides links to:

- [MO HealthNet Fee Schedules](#)

Fee Schedules & Rate Lists

Fee Schedules

The fee schedules are updated each quarter. Pricing files are used by all MO HealthNet Providers. A code may not be appropriate for your claim even though it is listed in the pricing file. This is especially true for the categories entitled EPSDT, Medical, and Other Medical. Please refer to your program specific manual and bulletins for correct coding.

MO HealthNet providers are categorized by the service(s) they perform for the MO HealthNet eligible participants. The service by which providers are classified will determine the procedures for which they receive MO HealthNet reimbursement. However, some Current Procedural Terminology codes may be billed by multiple provider types.

For programs not paid via a fee schedule, procedure codes will show as covered with a fee listed. If you are paid by percentage, per diem rate, etc., you will continue to be paid in that manner. Again, please refer to the program specific manual and bulletins for limitations and restrictions.

Rate Lists

Independent Rural Health Clinic Medicare/Medicaid Interim Rate List

The Independent Rural Health Clinic (IRHC) Medicaid Interim Rate List contains the interim rate per visit that the MO HealthNet Division (MHD) will reimburse IRHCs for services provided to MO HealthNet participants. IRHCs are reimbursed on an interim basis at the rate noted on this report and a final cost settlement is determined on the facility's annual cost report. MHD reimburses IRHCs on an interim basis at the Medicare Maximum Interim IRHC Rate, unless a provider requests a lower rate. The IRHC Rate List is updated at the beginning of each calendar year to reflect the new Medicare Maximum Rate effective January 1st and is updated if needed to reflect new or terminating facilities and rate changes.

This report is for informational purposes only and MHD is not responsible for how outside parties utilize the information. The general program policies governing the MO HealthNet IRHC program are set forth in 13 CSR 70-94.010 Independent Rural Health Clinic Program. If you have any questions regarding this report or the MO HealthNet IRHC program, please contact the Clinic Policy & Reimbursement Manager of the Institutional Reimbursement Unit at 573-751-5663.

PROVIDER RESOURCE GUIDE

MO HealthNet: Missouri's Medicaid Program

The MO HealthNet Division (MHD) provides health care access to low income individuals that are elderly, disabled, and members of families with dependent children, children in low-income families, uninsured children, pregnant women, refugees or children in state custody.

MO HealthNet assigns individuals to either the Fee-For-Service (FFS) program or a Managed Care (MC) health plan depending on eligibility criteria.

All MO HealthNet providers may serve MO HealthNet FFS participants. Participants may freely choose which MO HealthNet provider they go to for care under the FFS delivery system.

MO HealthNet MC participants may be seen by any MO HealthNet FFS provider until their enrollment is effective in a MO HealthNet **MC health plan**. MO HealthNet MC participants must select a health plan and a Primary Care Provider (PCP) within the MC health plan. MC providers may refer the participants to other providers based on the care needed.

MO HealthNet for Kids refers to the statewide program for children in low-income families, uninsured children through Children's Health Insurance Program (CHIP) and children in the custody of the state. Children receive a full comprehensive package including primary, acute, preventive care, hospital care, dental, prescriptions, and vision. They receive their care through the MC delivery system, unless they have opted out of MC. Participants should visit the **MO HealthNet Portal** to update their plan.

The **CHIP Premium Group** is health insurance for uninsured children who must be under age 19, have a family income of 150+ to 300% of the federal poverty level, and have no access to affordable health insurance. Questions about premiums should be directed to the Participant Services Unit at (800) 392-2161.

Providers can determine eligibility and which program participants are in online at **eMOMED** or by calling the Interactive Voice System (IVR) at 573-751-2896, Option 1.

Review the **Provider Information** page and **Frequently Asked Questions** for more information on MHD.

Provider Enrollment

👍 Like 0

The Provider Enrollment Unit is responsible for enrolling new providers, maintaining provider enrollment records, and answering provider inquiries regarding enrollment for all MO HealthNet Provider types. The Provider Enrollment staff determines when new provider numbers are issued or when a current provider number will be updated.

After a MO HealthNet provider number has been issued it must be used with all transactions pertaining to MO HealthNet. If a separate provider number has been issued for different location/practices, the provider is responsible to ensure the appropriate provider number is used when billing.

Each provider application is reviewed and must go through the same audit process even though a provider may have an existing provider number at another practice location.

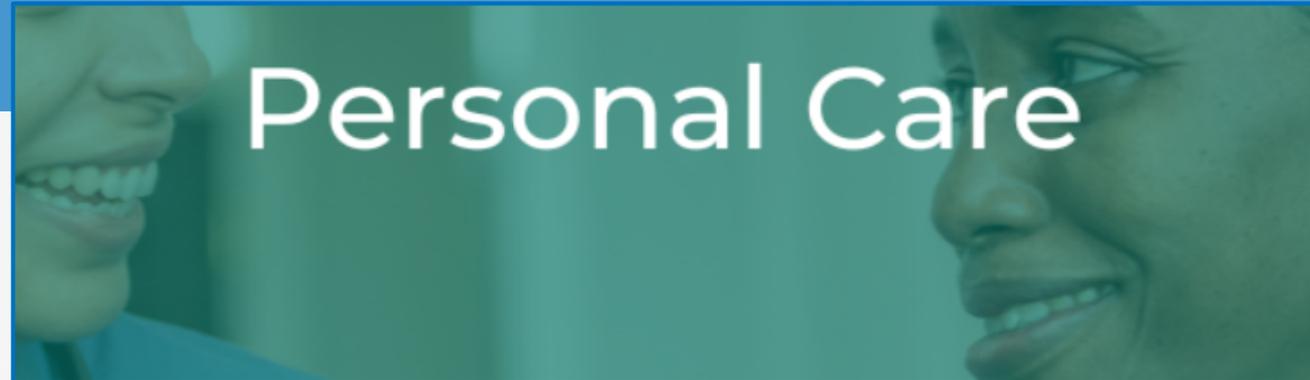

Applications are processed in date order as received by the Provider Enrollment Unit. Applications that have been returned to the provider for additional information are not processed with priority. Internet applications that have been denied due to improper submission or additional information not furnished must be resubmitted and are not processed with priority.

Eligibility and Spend Down

Checking Eligibility

Once the provider determines the participant has or may have MO HealthNet, it is the provider's responsibility to check the participant's eligibility. Eligibility is updated daily so this must be done before **every** visit. The participant must be eligible on the date of service.

Information to Review:

- Name on file
- Eligibility on date of service
- Medical eligibility/plan code
- Commercial insurance
- MO HealthNet Managed Care enrollment
- Administrative Lock-In

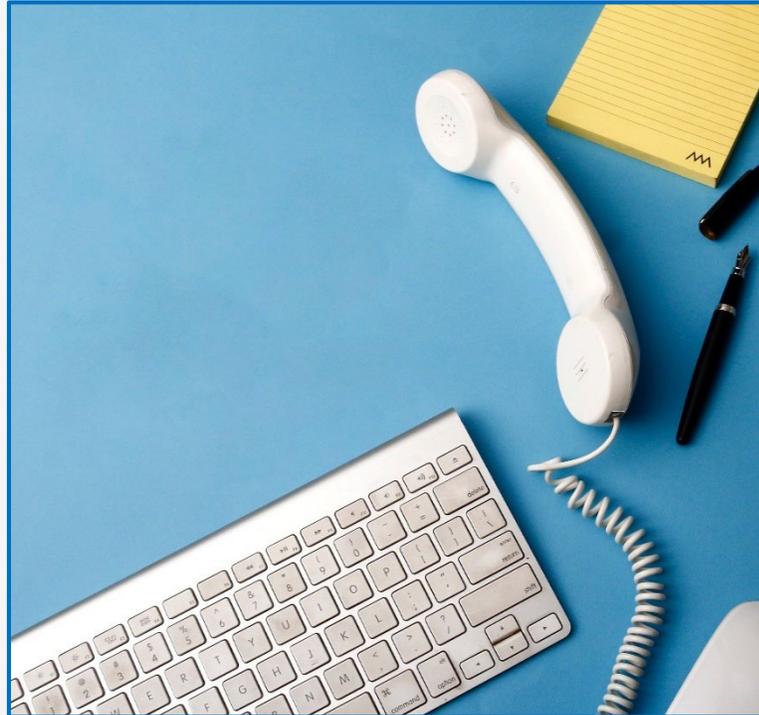

Checking Eligibility

Providers can check eligibility in two ways:

1. Online through [eMOMED](#)

Quick and Easy!

The following slides detail this process

2. Contact Provider Communications at 573-751-2896, Option 1.

This an Interactive Voice Response (IVR) system that can address participant eligibility, last two check amounts, claim status inquiries, provider enrollment status, annual review date and more.

Checking Eligibility

In **eMOMED**, choose Participant Eligibility

Welcome to eProvider

	Claim Management Submit new claims. View claim status. Void/Replace existing claims.		Nursing Home Management Manage participants. Submit nursing home claims.
	Attachment Management Submit new stand-alone attachments. View attachment status.		File Management Send and receive batch files. Print/View/Download Remittance Advice.
	Participant Eligibility Verify participant eligibility.		Payment Information View the payment information for the two most recent payments.
	Prior Authorization Status Check the prior authorization status for participants.		Available Surveys
	Provider Communications Management Send Your Inquiries...		Provider Enrollment Status Verify Provider Eligibility.

Checking Eligibility – General

Eligibility is Date of Service (DOS) specific. Providers should request eligibility for current or past dates, rather than a date span. This is helpful when trying to determine when/if a participant met their Spend Down during the month.

Verify the DCN, name and date of birth match the participant.

The screenshot shows the 'Eligibility Request' form in the eProvider interface. At the top, there are tabs for 'eProvider' and 'ePassport', and a breadcrumb trail: 'Home / eProvider / Eligibility'. Below this is a section titled 'Eligibility Request' containing an NPI dropdown menu with the value 'M012136305 - BPST'. A 'Search' section follows, consisting of a grid of input fields. The fields are: 'First Date Of Service *' (with a calendar icon), 'Last Date of Service' (with a calendar icon), 'Participant DCN', 'Participant SSN', 'Participant Date of Birth' (with a calendar icon), 'Participant Last Name', 'Participant First Name', 'Participant Middle Initial', 'Casehead DCN', 'Child's Date of Birth' (with a calendar icon), and 'Service Type Code'. At the bottom of the form are two buttons: 'Search' and 'Finish'.

Spend Down

Spend Down is a MO HealthNet program in which the participant has an amount that must pay or reach each month before they can have MO HealthNet coverage. It is similar to an insurance premium or a deductible as described below.

The Family Support Division (FSD) determines Spend Down amounts based on a participant's income and if it exceeds the allowable amount to qualify for MO HealthNet coverage.

MO HealthNet only reimburses providers for covered medical expenses that exceed a participant's Spend Down amount. The MHD system tracks the bills received for the first day of coverage until the bills equal the participant's remaining Spend Down liability.

The Spend Down Unit reviews incurred medical expenses to verify if the expense meets the Spend Down criteria, determines MHD coverage dates, and authorizes coverage.

Spend Down – Participant Responsibilities

Income changes need to be reported to FSD. Participants should contact the Family Support Division at (855) FSD-INFO with questions or concerns about their Spend Down amount.

Participants are responsible for their incurred medical expenses up to the Spend Down amount.

Coverage starts the day Spend Down is met and ends the last day of the month.

Spend Down must be met the month a medical expense occurs for MO HealthNet to consider the claim for payment.

Participants can mail the full Spend Down payment to MHD for an entire month of coverage.
