### Definitions/Descriptions of Lock-In Terms:

**Biennial Reviews** - Participants are locked in for two years of eligibility. Each month, reviews are conducted for those reaching their two-year mark (two years from the initial lock-in date to a provider).

**Six Month Case Follow-up Reviews** - Monitors participant progress with regard to compliance.

**New Lock-In Cases** – An initial review of 12 months of data indicates a pattern consistent with abuse of services or drugs. As a result, the participant is locked into a physician, pharmacy or both.

**Watch cases** - An initial review of 12 months of data indicates a potential for abuse of services or drugs. An education letter is sent. A six month follow-up review may be done.

**No Abuse** - An initial review of 12 months of data has determined there was no abuse. No further action is taken.

**Cost Avoidance** - Dollar amounts denied due to participants being locked in to providers.
